

❖ **List Of multimedia jobs:**

1. Graphic designer
2. Multimedia artist ad animator
3. Film and video editor
4. Video producer

Sr.no	Job description	Charge	Reference
1.	Graphic designers incorporate images and text into everything from company logos to promotional materials and more. Their skills can be valuable to a lot of different industries, but getting a foot in the door typically requires that entry-level designers have a strong portfolio they've developed through coursework or internships	Approx. Rs.290000	
2.	Multimedia artists and animators create two and three-dimensional models, images that appear to move, and visual effects for television, movies, video games, and other forms of media.	Approx. Rs.400000	
3.	A film and video editor are a highly skilled film industry employee who edits movies or videos. The success or ultimate failure of the production lies in their hands. The final production must be a coherent project that incorporates the storyline and personality of the starring actors.	Approx. Rs.450000	

4.	Video producers often hire other team members such as editors, videographers, stylists, actors, and more. They also assign tasks and create schedules for all cast and crew involved, including deadlines for the project and for individual workers.	Approx. Rs.40000
