All 4th semester students have to write below question answer as a part of assignment and submit the same before your internal exam. In case you have already written some of the questions, NO need to write THAT questions again. Simply attached with current assignment. You can contact Sapan Sir (9586113399) in case of any query.

1. Compare 1G to 5G (minimum 5 points).
2. Write full form of BFSK, WISP, U-NII, FM, PDC, CDPD, GPRS, ANSI, ARIB, CCSA, QAM and FCC.
3. Define Global organizations, Implementation Groups, Regional organizations, IEEE 802.20x and UWC-136/EDGE.
4. Write short note on GSM containing
   a. Databases
   b. Identities and entities
   c. Architecture
   d. Handovers
   e. Operations with sequence diagram (any 3)
5. Write short note on CDMA containing
   a. Architecture
   b. Handovers and handoff
   c. IS-95B, W-CDMA and CDMA2000
6. Differentiate GSM and CDMA (minimum 6 points)
